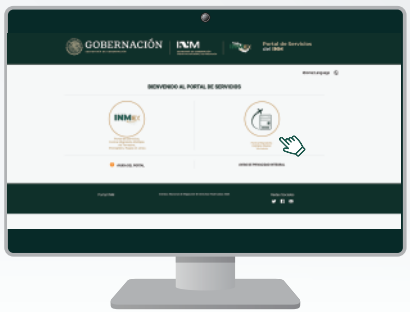
Express Guide to Generate the Digital Multiple Migration Form (FMMD) by Conventional Filtering

Learn the 4 steps to download the **FFMD** in a simple way:

1



Access the INM Services Portal.
https://www.inm.gob.mx/spublic/portal/inmex.html
Click on the **Multiple Digital Migratory Form**.

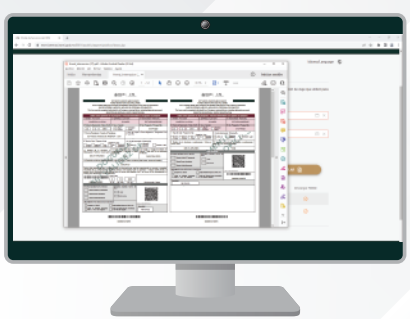
2

Enter the information exactly as it appears on your travel documents used to enter Mexican territory and click on the **Search** button.

3

Click on the Download **FFMD** icon in the table that shows the data of your entries in the country.

4



A window with the **FFMD** in **PDF** format will be displayed.

Remember that being Mexican, **NO FFMD** is generated or required.
They will be able to download their **FMMD** in the period of stay granted by the AFM in the immigration review filter.
